Dear Paul Bunyan Long Distance Customer,

We are writing to let you know of a change that will occur in our long distance service. **This change will not effect the terms of your long distance service and no action is required of you.**

Currently, Paul Bunyan Long Distance service is provided through an arrangement Paul Bunyan Telephone has with Onvoy, Inc. Onvoy provides the underlying long distance service while Paul Bunyan Telephone handles the sales, billing and customer service. Now, to give our cooperative more control over the long distance service we provide you, Paul Bunyan Telephone will no longer use this service of Onvoy. Instead, we will provide the long distance service ourselves. This change should happen in about thirty days and we will let you know in your billing statement when it occurs. Your long distance service will continue on the same terms as you currently receive service.

Please note that even if you have a long distance carrier freeze in place, this change will take place without any required action on your part. However, in accordance with Federal Communication Commission (FCC) rules, we must remove your long distance carrier freeze. If you would like the long distance carrier freeze reinstated, please let us know.

Enclosed with this letter is a notice describing the change in your long distance service provider in greater detail and your rights as a consumer, as required by the FCC. Please read it carefully and feel free to call us toll free at 1-888-586-3100 should you have any questions.

Paul Bunyan Telephone remains committed to providing you with high quality telecommunication services. This change will help our cooperative serve you better. Thank you for your continued patronage.

Sincerely,

Brian Bissonette
